Remaining balance due by first camp date:	_____										

Weekly Themes:

June 20-24 Once Upon A Time Week

Become prince and princesses for the week. Kids will create their own tiaras, crowns and create a castle.

June 27-July 1 Be An Explorer Like Dora – Let's Go To Mexico!

Let's go to MEXICO! Explore the land south of the border. We will learn Spanish, experience Mexican music, dance, play games and do art. A fiesta, complete with a Piñata and delicious treats will end the week. Ms. Deborah will come in and give a special Spanish lesson.

July 5-8 Construction Week

Grab your hard hat and get ready to build! Lots of hands-on activities that will include making blueprints, building sculptures, towers and more!

July 11-15 Little Iron Chefs Week

Break out the aprons and chef hats for some hands-on delicious encounters with the science we call cooking. We will make our own aprons to cook in and create our own special recipes.

July 18-22 Super Silly Scientist Week

From the chemistry of bubbles, the biology of our amazing body and its senses, to our wonderful earth's magnetism and weather. Experience our world hands-on through scientific experimentation.

July 25-29 Move and Groove Week

Make your feet sing this week, just like in the old-time Broadway and Hollywood musicals. Tame restless feet and channel that energy into nonstop action by introducing tap and even making our own tap shoes. (Please provide an old pair of shoes for this camp).

August 1-5 NASA Kids Week

Explore the wonders of the universe through an astronaut's eyes! Learn about stars, the planets, gravity and all that is unseen. They will design their own spaceships and learn how to shoot rockets.

August 8-12 All Around The World

Travel all around the world this week by learning about other countries and customs. We will make international crafts, play games from different countries and even eat authentic food.

August 15-19 Super Duper Art Week

Kids will learn about famous artists and recreate some of their work on canvases. An art walk will be held at the end of the week.

August 22-26 Fun and Fitness Week

We will be holding a Sports Buffet where kids get to try different sports. Each station will have a different sport to try (basketball, jump rope, soccer, archery, golf, etc.)
